

DESCRIPTION

Front master cylinder without incorporated reservoir, machined by forging.
Possibility to adjust lever opening.
Construction Material: Aluminium Alloy
Hard Oxidation.
Operating fluid: fluid brake DOT4.
Master cylinder equipped with lever
Code 110.4594.61

Master cylinder
BODY color: Racing Color.
Master cylinder
LEVER color: Black Anodic Oxidation.

TECHNICAL CHARACTERISTICS

Piston diameter: 16.0 mm
Weight: 0.286 Kg
Distance between centers: 18.0 mm
